

# E-Design Services

E-Design is a simple, virtual design option offered to give clients the opportunity to create a custom space without retaining EMH Design for full-service Interior Design. E-design is perfect for clients who want a design direction and designer expertise, but don't mind doing the legwork to purchase, manage, and implement the project themselves.

Our e-design plans include all the tools you'll need to create a well-designed space that fits you and your unique style. All communication is done via e-mail, phone calls, and online video conferences to provide a step-by-step plan for creating a professionally designed space.

**ALL E-DESIGNS MUST BE PAID IN FULL PRIOR TO STARTING. ALL EDESIGN SERVICES SALES ARE FINAL/NO REFUNDS**

## 1. CONCEPT E-DESIGN SERVICE

The Concept E-Design Service is an online collaboration that will give you a concept board where you can visualize what your furnishings will look like together. It allows us to collect all your thoughts, ideas, and personal style in one place, helping us form a clear design for your room. This is a great option if you are and starting from scratch or looking to make updates to your room, but do not need a full realistic render to visualize the room.

We will create a furniture & décor concept board, that includes all the paint, textiles, furniture and décor pieces you need to complete your space; as well as detailed instructions, and shopping list. At the end of the process, clients will receive a custom designed space to meet their style, budget and overall needs.

The entire design process usually takes 2-4 weeks.

Starting at \$800 per room

### THIS PRODUCT INCLUDES:

- 1 Concept Board (up to 2 revisions per product included)
- Material Product List | You will have links to all the products used in your design along with pricing. In your design package you will receive details about which products to purchase including quantity and link to buy.
- Detailed installation instructions and styling advice
- Unlimited online support for up to 45 days
- 3D RENDER AND FLOOR PLAN NOT INCLUDED

## HOW IT WORKS:

- After our initial discussion I will send you a contract and invoice. Before we begin all payment is required.
  - The price for this package does not include open concept (ie Living Room/Dining Room). These are considered multiple rooms.
  - If you have more than 1 room to design we will discuss package pricing.
- I will send you your own private portal where we will collaborate online. You will fill out a project questionnaire that outlines all the information needed regarding your project prior to starting the design.
- I will create your design concept and we will review and discuss any changes. If more options are necessary. I will send up to 1 revision per concept (more than 1 will be an additional fee).
- Once we have your perfect design and you are happy with the product choices, I will create your final package. This will include your final design, including paint color selection, clickable shopping list and installation instructions.
- Voila! You will have all the information to implement the design at your leisure.

Do you think that this package might not be enough? Take a look at the Full E-Design Service if you want to have a floor plan and a 3D render.

## 2. FULL E-DESIGN SERVICE

The Full E-Design Service is an online collaboration that will give a visual representation of what the finished product will look like. It allows us to collect all your thoughts, ideas, and personal style in one place, helping us form a clear design for your room. This service allows you to visualize your project with a concept board, floor plan and photorealistic renders of your space so you can visualize what your space will actually look like with the completed design.

The entire design process usually takes 3-5 weeks.

Starting at \$975 per room

### THIS PRODUCT INCLUDES:

- 1 Concept Board (up to 2 revisions per product included)
- 1 Scaled Floor plan layout (2 revisions included)
- Photorealistic renderings (based on accepted concept board. An additional fee may apply for render revisions)

- Material Product List including links to all the products used in your design along with pricing. In your design package you will receive details about which products to purchase including quantity and link to buy.
- Detailed installation instructions and styling advice
- Unlimited online support for up to 45 days

### HOW IT WORKS:
